Guest Handbook

Dear Guest,

Welcome to the Ronald McDonald House®. Our mission is to provide a “home-away-from-home” for families like yours during this difficult time.

In this handbook, you will find house rules, guidelines and some helpful hints for staying at the RMH® that we hope will make your stay easier.

The Ronald McDonald House is a community volunteer effort that requires the cooperation of each guest in residence. All guests and their visitors must comply with the house rules to ensure a comfortable and supportive environment for everyone. If a guest or visitor is unwilling or unable to comply with these rules – the privilege to stay will be forfeited.

A resource book containing additional information about South Bend, as well as a list of available amenities in this area are available in the common areas and guest rooms.

If there is anything that you need during your stay, please ask a volunteer on duty. Volunteers are on duty from 9 a.m. to 9 p.m. seven days a week. Please let us know if there is anything we can do to make your stay more comfortable.

Staff is available 24 hours per day and the house is video monitored for your safety.

We are here for you. Please feel free to contact me at any time with any questions or concerns that you may have. It is our hope that this will be your soft place to land for a little while.

With a warm heart,

Kellie

So Much More Than Four Walls

I am home for you when you cannot be home.

I am your extended family when you feel alone.

I am strong and dependable, lean on me when you have no strength of your own.

I am like a comfy pair of slippers you can step into as you pass through my front door.

I am here for you when it is almost impossible to comprehend the situation you are in.

I will stay with you as you travel the highs and lows of your journey and

I will celebrate your milestones as they pass.

I am the families, staff and volunteers who come together under my caring roof.

I am not judgmental.

I understand your anger and frustration, your desperation and sorrow.

Feel safe to share your emotions and drain away a little of the pain you may be feeling.

When good news comes your way, share your joys and triumphs.

Positive news is the best medicine in the world. A little of it can do a great deal of good.

I am the House that Love Built.

Even though the faces of my friends inside me change almost daily, the love for our children, which brings us together, remains the same.

As my friends leave me I hope they take a little of my love with them.

Should they need to return, they may take comfort in knowing that Ronald McDonald House is here for them and that

I am so much more than four walls, a roof, and a floor.
